Dear Laura Krauss Melmed,

My name is Zachary and I live in New York City. I am in first grade. I like your book "New York New York the Big Apple from A to Z." I have visited all of the places in your book. I even did a book report about the book. When I grow up, I want to write books like you. Maybe when you visit New York City you can visit my school.

THANK YOU for writing a great book
your friend Zachary
